The Stock market suffered another shock today by the inability of a party operating largely on Philadelphia account, to receive his Stocks. He has gone to Philadelphia to see his principals. It is generally thought the affairs of this party will be made right in a few days. His amount was overdrawn at the Bank \$10,000, but he has deposited a draft on Philadelphia with securities attached, for the deficiency. Under the new blow Reading dropped to 58, a decline of 6 P cent. but afterward recovered to 63, showing only 1 P cent. decline from yesterday's Second Board. Harlem also fell off to 64], closing at 66]; Norwich went to 63], but afterward improved to 64]; Erie opened at 831, went to 83, but at the close was in demand at 841, about the prices of yesterday; Canton was quiet-81 bid, 88 asked at the First Board, but at the Second Board a sale was made at 86; Morris also suffered, declining to 18], but recovering to 201, the closing price of yesterday; Farmers' went to 604. a decline of 41 # cent. but recovered to 631 with good demand; Governments were 1 * cent better than yesterday, and sound Stocks generally were in good demand; Penn. and Ohio Bonds 96, but 98 asked. The inquiry for Madison and Indianapolis continues, and a small sale was made at 101%, showing an advance; Portsmouth was firm and sold at 131, an improvement of 1 4 cent. ; Edgeworth was also steady at the previous prices; Long Island sympathized with the other fancies, and went to 214. It was afterward held firmly at higher rates. The sales of Reading under the panic were very large, and the transactions of the day were not less than 6,000 shares -Income Bonds were steady at 98. In Mohawk there was nothing done; one or two lots only are on the market, held at 93 and upward. Utica and Schenectady and Rochester and Syracuse were

In Exchange there is little doing and the quotations are without change. Sterling is held at 93 2104. France, 5.10. The supply of Bills is fair. eights there is not much doing but rates are steady. Flour is 10d, Grain 3d, Cotton 1 @ 5-32d, with some engagements. Dead weight, 12s 6d @ 15s.

Armer, but there were no sales.

In Money there is no change of importance from yesterday. In some quarters the supply is ample, while in others there is some stringency, and higher rates of interest have been submitted to; 6 27 F cent on call has been paid to-day. It is esti. mated that in the next four weeks a million per week in gold will be paid out by the Mint, which will replenish the vaults of our Banks. The Mint now contains over five millions of gold and its ca. pacity for coinage is stated to be six millions per month. One house received a hundred thousand dollars to-day, and the payments will continue large after Monday, when the attention of the offieers of the Mint will be turned to the coinage of double eagles. They have been for some days past engaged on gold dollars, of which but a moderate quantity can be coined in a day.

The amount received at the Sub-Treasury to day is \$134,926 : payments, \$40,408. Balance,

\$4,219,956. The entire amount received for Customs in Jan' nary, has been. \$3,522,933 In January, 1850. 3,010,298

Execse in 1851..... \$512,635 The semi-annual interest on the Mortgage Boads o the Seaboard and Boanoke Railroad Company falling due on the 1st day of February next will be paid on that day by John I. Palmer, Esq. Trus-

tee, at the Merchants' Bank. The Seaboard fand Roanoke Road extends from Nerfolk, Va. to South Gaston, via Welden, N. C. a distance of 90 miles. The Road is now being reconstructed and refurnished in the best manner with a heavy T rail, which is all provided

and in hand. Nearly 40 miles is complete and in operation. The whole will be opened in the course of next Summer. This road will form the leading route South to New-Orleans from this City, via steamboats for Baltimore to Norfolk. Its cost to the present Company will be very low; the whole work complete 90 miles and fully equipped will not exceed

\$1,000,000, or \$10,000 per mile. It promises, by reason of its very low cost and commanding location, to be one of the best paying roads in the

The Morris Jerseyman states that the freighting business on the Morris and Essex Railroad has become so great, that for a fortnight past two trains have been daily employed, each consisting. frequently, of 15 or 18 cars, heavily laden.

The Cohoes Cataract states that \$100,000 have been subscribed in that village and Albany for a Bank at the first-named place.

The Legislature of Missouri have under consid eration two projects, both of which have been referred to the appropriate Committee and reported apon faverably. We refer to the proposed incorporation of the Pacific Railroad Co. with a capital of \$4,500,000, and two thirds to be built on the eredit of the State, for which bonds are to be isgued accordingly. The other is called the Hannibal and St. Joseph Railroad Company, of equal capital, and to enjoy the same governmental encouragement. The Committee remark, that "the question of location for a continental Road to the

Pacific is now pending in Congress. A survey of the Southern route is now going on, and partly

The Money market at Boston remains easy. The average Dividend declared by thirty incorporated Insurance Companies in Massachusetts last year, was 9,27 100 per ct. The total Capital is \$6,175,000. Losses paid during the

year, \$1,453,535. The supplement to a bill passed last year, extending the payment of the bonds of the Reading Railroad Co. due last year, until 1870, the object of which supplement was to restrain the Reading Company from making dividends on the stock while any of the bonds of 1850 remain unpaid, was called up in the Pennsylvania House on Wednesday last, and defeated by a vote of 33

The Pittsburgh Gazette says: The work on the Ohio and Pennsylvania Railroad, in Allegheny City and vicinity, is going forward with great rapidity. The track will be ready for the rails early in the Spring, and as the iron is on hand we may expect this end of the line to be finished in good season. The Company has purchased, as a site for the outer dépôt, the twenty acres of ground, situated in the lower part of the city, recently offered for sale by Wm. O'Hara Robinson, Esq. The price paid for the ground was \$35,000, and the mode and time of payment is favorable for the Company.

A survey of a Railroad route from Sandusky to Toledo has just been completed, and a very fa vorable route has been found. The distance is

The Directors of the Cleveland, Painesville and Ashtabula Railroad Company had a meeting a few days since, and appointed Hon. Alfred Kel ley their General Agent.

The Illinois Journal says bills are under discussion before the proper Committees of both Houses, for carrying out the propositions submit ted on Wednesday by Mr. Rantoul, for the construction of the Central Railroad and branches-We understand that ample guarantees are presented for the safe and proper application of the avails of the lands granted by Congress to the contemplated work, and that the Company propose to complete the central or main track in four years, and the branches in six years, or even in a shorter time, if required, and to pay into the State Treasury perpetually seven per cent. of the gross receipts of the Road and branches; from which we look for a large and rapidly increasing accession to the revenue of the State. The proposition comes from the heaviest Railroad capitalists in the United States-men known to the country and in whose promptness and the honorable ful. fillment of their engagements the utmost confi. dence may be reposed.

The capitalists alluded to are Messrs. Robers Schuyler, George Griswold, Gouveneur Morris, Jonathan Sturgis, George W. Ludlow, and John F. A. Sanford, of the City of New-York, and of David Neal, Franklin Haven and Robert Rantonl,

Jr. of Boston. The New Albany Railroad is completed to Salem, Washington County, Indiana, and the first train of cars arrived at that place on the 22d inst.

The annexed statement shows the Custom-House Dry Goods transactions for the week anding Jan. 30-viz:
